### **Gravel Grinder? Sorta...**

The World Famous Rock Cobbler is a stupidly hard ride bordering on a race. **The Pebbler 3.0** is less stupidly hard but still a true challenge. As always we are passionate and driven to showcase roads, dirt trails, gravel and a VERY challenging route. The Cobbler will be roughly 80-85ish miles and 5700-6700ft+ - of elevation consisting of county asphalt roads, trails, private land, a river, a creek and a museum (with a makeshift brewery). The Pebbler will be 40-50ish miles and roughly 3500-4000ft+ - of elevation. As is tradition the final routes are announced the week of the event. Both will be very hard but will be very fun, in a very Bakersfield Way.

The rides are designed for a cross/gravel bike with an **IRC BOKEN or other IRC tire**. Choose your width carefully! A mountain bike will work. Don't be stupid and bring a road bike. NO AERO BARS. You might do pushups, throw water balloons, laugh, cry, suck your thumb, meet Tacoman, ride thru a church and or swim...but you WILL hike with your bike and enjoy cussing us. More than once. **WE HAVE FUN!**

- ◆ There are no categories, but we do afford each first male and female finisher of each ride with an extra special prize.
- ◆ Your entry includes:
  - ◆ THE SPECIAL GIFT—Event support, T shirt or hat, Raffle, Fun Swag, Great Music, Breakfast Saturday, Lunch Saturday, Amazing Food, Beer, Coffee, Twinkies and Shenanigans galore!
- ◆ Entry fee is \$140 for either ride. Total rider count is limited to 400 riders.
- ◆ **Registration link can be found at [www.sambarn.com](http://www.sambarn.com)**
- ◆ This is not a sanctioned race. It IS a hard ride.
- ◆ The Cobbler is very hard. You will need to make it to the final SAG stop by 4:30pm or we reserve the right to sag you in
- ◆ *Further details, developments, the final route, news and info will be sent to registered riders only!*
